To whom it may concern,

INVITATION TO PARTICIPATE IN THE KANCIL SCIENCE COMPETITION (KANCIL) 2023

The above matter refers.

2. Kancil Science Competition is an annual competition for primary, secondary and pre-university students that aims to challenge students' science knowledge through critical thinking, problem-solving, and general scientific knowledge. 56,000+ students from 3000+ schools have participated in this competition since 2018. This competition also is a platform for students to be selected in the national team and participate in International Junior Science Olympiad (IJSO).

3. The questions in Kancil are aligned with the Malaysian curriculum standards, in addition to increase students' interest in science by relating science with their daily life and current environment. Participants will be awarded with gold, silver and bronze medals (if any) and a certificate of achievements.

4. The medalists of Kancil from Gamma category (student age 13, 14, and 15 years old) will then be invited to participate in the Malaysian Junior Science Olympiad (MyJSO). Top students in MyJSO will be selected to participate in IJSO 2023 that will be hosted in Bangkok, Thailand from 1st until 10th December. IJSO is an annual competition in the Natural Sciences for students who are under sixteen years old on 31st December of the competition year.
