To whom it may concern,

INVITATION TO PARTICIPATE IN THE LARGEST SCIENCE COMPETITION IN MALAYSIA

The above matter refers.

2. It is with great pleasure that we extend an invitation for you to participate in the upcoming Kancil Science Competition (Kancil). This competition is open to all primary, secondary and pre-university students. Kancil has become a platform for young minds to engage in a thrilling scientific adventure, fostering creativity, innovation, and a passion for science. Since 2018, Kancil has attracted the participation of over 100,000 students from nearly 4,500 schools nationwide.

3. The questions in Kancil are aligned with the Malaysian curriculum standards, in addition to increasing students' interest in science by relating science to their daily lives and current environment. Participants will be awarded gold, silver, and bronze medals (if any) and a certificate of achievement.

4. The medalists of Kancil from Gamma category (students aged 13, 14, and 15 years old) will then be invited to participate in the Malaysian Junior Science Olympiad (MyJSO). Top students in MyJSO will be selected for the national team and participate in the International Junior Science Olympiad (IJSO) 2025 that will be hosted in Russia in December.

5. Details of the competition as below:
