## INTRODUCTION

Join us in the largest science competition in Malaysia where over 100,000 students have already embarked on a thrilling scientific adventure! In Kancil Science Competition 2024, there were 26,500 participants representing over 2,000 schools from all over Malaysia. This annual science competition is open to all primary, secondary, and pre-university students. This competition serves as a stepping stone for students to be selected for the national team and represent Malaysia in the prestigious International Junior Science Olympiad (IJSO) 2025. Don't miss the chance to be part of this scientific community and the journey of exploration that is shared by thousands across the nation!

### OBJECTIVES

-  Cultivate and stimulate an early interest in science among students through our challenging questions
-  Provide students with opportunities to apply theoretical knowledge gained in the classroom to practical and real world scenarios
-  Explore more fun science activities and bright future in the science world

### BENEFITS FOR STUDENTS

-  Gain an opportunity to receive a medal and a recognised certificate of participation for your achievements
-  The gold medalists will be invited to the special Kancil Award Ceremony by the end of the year
-  Stand a chance to join the Malaysian Junior Science Olympiad (MyJSO) and represent Malaysia in the International Junior Science Olympiad (IJSO) 2025 that will be held in Russia
